

LETTERS TO A FRIEND

When their brother Lazarus became ill, Martha and Mary knew that the person they needed most was Jesus, and the same is true for us today - if anyone we know needs help, Jesus is the person we need.

Can you think of a person at the moment who might be finding things difficult? Maybe they are poorly, feeling lonely or just wish things were different...

Using some paper or cardstock with some pens or pencils, make the person you are thinking of a card to let them know that you have asked Jesus to help them and Jesus is the person they need when times are hard. Make your card beautiful and ask a grown up the best way to get your card to the person you have made it for.
